

InuSweet™ - low fructose agave sweetener with prebiotic inulin fiber

11.75oz Bottle / 6-pack Case

Introducing InuSweet™ from Nature's Agave, a certified organic inulin-rich sweetener with less fructose and calories than traditional agave nectar. Less refined, more natural agave syrup, InuSweet™ low fructose agave sweetener provides all the delicious sweetness of the Blue Agave, while cutting down on fructose and calories. Minimally processed without chemicals or enzymes, InuSweet™ is perfect for sweetening ice tea, fresh squeezed lemonade, in smoothies, and as an organic cocktail mixer.

Benefits of InuSweet

- 40% less fructose than traditional nectars.
- Only 15 calories per serving.
- 2g of soluble fiber per tsp.
- Low Glycemic, Gluten-Free & Non-GMO
- Certified Organic and Kosher.
- All natural - Blue Agave

Nature's Agave Premium Nectars maintain the highest quality standards:
